

iLevel® NextPhase™ JobPack™ On-hold Messages for Dealer Partners

[option one]

What if you could get everything your crews needed to frame a floor—joists, beams, panels, and accessories—pre-measured, pre-drilled, precision-cut to your specifications, labeled and delivered to your jobsite in one complete package ready for staging and assembly right off the truck? With [\[dealer name here\]](#), you can. We've got iLevel's™ NextPhase™ JobPack™ floor-framing packages that will slash your cycle times, labor costs, and jobsite waste thanks to precision cutting services and customized bundling. In a changing market, it pays to be on the cutting edge. At [\[dealer name here\]](#) we know it's our job to keep you there.

[option two]

At [\[dealer name here\]](#), when we say “cutting edge,” we mean it. Literally. Now you can get customized floor-framing kits delivered to the jobsite pre-measured, precision-cut, and ready for assembly. How? With iLevel™ NextPhase™ JobPack™ framing packages. We combine premium floor joists, beams, panels, and accessories—proven products from Trust Joist, Strukturwood, and Weyerhaeuser—pre-cut and pre-drilled to your specifications and labeled for fast, accurate staging and installation. Finish more projects in less time. Boost safety and accuracy and say good-bye to material waste. Get the edge on the competition with [\[dealer name here\]](#) and NextPhase™ JobPack™ framing kits, the latest evolution in a changing market.

[option three]

Time is money for a builder, and at [\[dealer name here\]](#), we're in business to save you both. With iLevel NextPhase™ JobPack™ precision-cut floor framing packages, you get iLevel™ Trus Joist® TJI® joists, Strukturwood® OSB panels, Weyerhaeuser performance-tested lumber, and accessories—all pre-measured, pre-cut, and pre-drilled to your exact specifications. The kits come labeled, bundled, and ready for fast, accurate installation—right off the truck. Ask your [\[dealer name here\]](#) representative about the latest evolution in building technology and learn how JobPack™ precision-cutting services can give you the edge on the competition.
